Clinical Cases and Osces in Surgery: The Definitive Guide to Passing Examinations Manoj Ramachandran, Marc A. Gladman

Surgical diagnoses are often made on the basis of clinical assessment alone and thus achieving competence in clinical skills remains imperative to good practice in surgery. This book of over 140 cases is designed for candidates preparing for all surgical examinations, whether at undergraduate, postgraduate or exit examination level. It will demystify and simplify the clinical assessment of surgical cases and provides invaluable advice on how to achieve success. The text includes top tips, acronyms and up-to-date summaries of current practice based on the authors' personal experience of surgical examinations.
