Rethinking Geopolitics

Rethinking Geopolitics

Rethinking Geopolitics argues that the concept of geopolitics needs to be conceptualised anew as the twenty-first century approaches.

Challenging conventional geopolitical assumptions, contributors explore:

- * theories of post-modern geopolitics
- * historical formulations of states and cold wars
- * the geopolitics of the Holocaust
- * the gendered dimension of Kurdish insurgency
- * the cold war world
- * political cartoons concerning Bosnia
- * *Time* magazine representations of the Persian Gulf
- * the Zapatistas and the Chiapas revolt
- * the new cyber politics
- * conflict simulations in the US military
- * the emergence of a new geopolitics of global security.

Exploring how popular cultural assumptions about geography and politics constitute the discourses of contemporary violence and political economy, *Rethinking Geopolitics* shows that we must rethink the struggle for knowledge, space and power.
