The interagency process was the focus of a Capstone project and Research Symposium at the Bush School of Government and Public Service at Texas A&M University during the 2006-07 academic year. The Bush School's Capstone seminar is a semester-long graduate course in the Master's Program in International Affairs that provides a research experience for students in the final semester of the 2-year program. As part of their leadership development, the students operate in teams to address an important policy issue (under the direction of a faculty member) and in support of a client. In this case, the client was the Office of the Deputy Assistant Secretary of Defense for Stability Operations. Our thanks to Colonel Richard Lacquement and Dr. Janine Davidson for sponsoring our Capstone interagency project.
