What if there was but one dragon left in the world?

What if dragons were more than just imaginary creatures? What if long ago they soared through our skies? And what if there was only one dragon left? Where might it hide from our machines, from our technology, from us? And where would it go if it spread its wings for one last flight?

*New York Times* bestselling writer Robert Burleigh and Harry Potter artist Mary GrandPre answer these questions by taking us on one last great journey into the starry night. Read this book with a child and wait for the inevitable moment when he looks to the sky . . . and wonders.
