Liam Parker crash landed into Laurie's life when everything else was crumbling all around her. Her marriage and career were in pieces and her mind was left spinning.

But one touch from Liam, and Laurie could forget everything else around her. She thought she had it all figured out.

As Laurie lost herself in Liam's warm caresses and his commanding blue eyes, her husband refused to go quietly into the night. While Laurie fought to move on, it was James who was working his way back into her life, fighting for the marriage they had once held dear.

Forced to make choices she never imagined having to make, Laurie finally found herself on firm footing, knowing which way she was going to turn.

But then life threw her another curveball. And when she once again began picking up the pieces, learning how to survive and rebuild after everything exploded, there was only one man still there, one man who remained by her side, showing her that sometimes life isn't about learning how to survive...

It's about learning how to thrive.
