## **Your Guide to the Federal Census** Kathleen Hinckley

Census research is one of the first and most important steps in constructing a family tree. Everyone from genealogists to historians use the federal census for researching family histories. Deciphering census data, however, is not always easy. Your Guide to the Federal Census acts as a personal "research assistant" for the beginning genealogist. Census Basics examines the nuts and bolts of census records and the types of information available. Finding Census Records and Indexes reveals where to view the censuses online and off, and how to find most ancestors quickly and easily. Using the Census offers step-by-step instructions covering nearly every scenario for tracing family histories in census records. Also included are case studies, appendices, a glossary of census terms, and extraction forms based on each census year for easier recording and organization of data.
