## **DON'T PANIC: A guide to Whelping, Rearing & Selling Puppies** Wendy Lewis

No two breeders have precisely the same views on whelping and rearing puppies. Wendy Lewis has her own ideas, and with ten years of experience to back them up, they are sound, practical and sensible. She manages very happily to steer her way through a maze of conflicting opinion to produce a book that will be invaluable, not only to newcomers in her own breeds, but to many more experienced owners. No one knows everything about rearing puppies, and this, as a guide to read while you are waiting for that final push, may well have something for most owners. I particularly welcome the important advice on selling your puppies.
