Zodiac women do not always come from Venus. There are those who come from Mars. Among the Zodiac women, there are tough cookies, fragile princesses, and love goddesses. There are those who are hard to please and those who are born to please. There will be victims, casualties, winners, and losers in the love game. All twelve Zodiac women have their sun sign's Pandora's Box. At the moment of birth, the astrological blueprint of each psyche is shaken and stirred. Add a touch of free will, a sprinkle of luck, a twist of fate, and then destiny, kismet, serendipity -- call it what you will, the die is cast. There should be no prisoners, slaves, or victims of the love game. Play by the rules and everyone can be a winner. As you read these twelve stories, consider how each woman wins or loses in the love game, and let them be your guide.
