Updated and revised with recent Supreme Court precedent for the 2016 California Bar Exams, a brand new Remedies Primer, and added statutory cross-references for more efficient studying, California Bar Tutors (CaliforniaBarTutors.com) presents the most effective and comprehensive bar study book in the business - the last bar review book you will purchase!

Please note, law recited is pursuant to The State Bar of California's defined scope of the exam (<http://admissions.calbar.ca.gov>). As such, common law, California law, and Federal Law is included where appropriate. Law recited herein is intended for use on the California Bar Exam and may not be appropriate for use as a practicing attorney.**

About Our Book: If you are carrying around a huge commercial bar review book and are unsure what information you actually need to learn, you are not alone. Most companies cram every possible piece of information into their outlines regardless of whether it is actually tested. Such information overload causes problems during the exam. Our book is comprised of "Comprehensive Outlines," "Primer Outlines," "Issue Spotters," and CBT's famous "Performance Test Approach." Everything you need to pass the bar is at your fingertips.

The "Comprehensive Outlines" are designed to be studied from until the last three weeks before the bar. Needless to say, they are comprehensive and explain the law in the way it should be written on the bar exam.

The "Primer Outlines" are concise and are designed to make the most efficient use of your study time during the final weeks before the bar exam. They are structured to form an active approach that you can work through to make sure you hit all of the issues and maximize points.

The "Issue Spotters" are short, one page checklists that are designed to be memorized prior to taking the bar exam. Exam takers use these checklists to make sure no issue goes uncovered.

The "Performance Test Approach." Many bar takers contacted us looking for a concise approach that can help them succeed on the performance test section of the California Bar. The truth is, many other commercial bar programs insist on telling bar takers that the performance test is harder than it really is. They say this to justify charging outrageous fees. In reality, a straightforward, methodical approach is all that is required. Answering demand, we created a straightforward approach to the performance test that many have used to pass the bar on the first attempt. With this book, success can be yours!
