The rock group Doberman's Stub thought it made a conservative investment when it placed all of its earnings from its only #1 album into a minority partnership at the world's hottest new resort for millionaires and billionaires. But the blue chip investment quickly turned blood red when two bodies floated past the windows of the resort's signature undersea club on the floor of La Jolla Cove. To ensure a thorough police investigation, the group hired San Diego private investigator Jason Duffy, a former bandmate of their lead guitarist, Michael Marinangeli. After determining that the victims were both local club patrons, Jason and Michael put their old group back together to serve as the club's house band, giving Jason easy access to his top suspects. But his undercover status was nearly blown in his first week on the job when Elyse, the beautiful daughter of an affluent military contractor, used her wiles to crash his staff of psychologically challenged assistants. Elyse led Jason to a society of local wannabe millionaires whose membership included both victims. On the surface, the society's motives, goals, affiliations, and secrets appeared obvious. But Jason quickly discovered the downside to making snap judgments, encountering some of the most feared criminals the world has ever known as he dug deeper into the mystery surrounding their deaths. *Diamonds, Clubs, and Rock & Roll* is the fifth novel in the *Rock & Roll Mystery Series*. The first, *Rock & Roll Homicide*, maintained Top 10 status on Amazon for over two months. The second, *Rock & Roll Rip-Off*, won a *Mystery/Thriller of the Year Award*. Pre-publication reviewers rate *Diamonds, Clubs, and Rock & Roll* as "the best novel in the series."
