## Introduction to Psychopathology Alessandra Lemma

I was most impressed by the author's thoroughness in writing this book. She seems to leave no stone uncovered... [this is] a work which should become a necessity for all counsellors, counselling psychologists, psychiatric nurses and psychotherapists... This is a book to which I will make reference time and time again, and one which will occupy a prominent place in my library' - *Counselling, The Journal of the British Association for Counselling*

`An invaluable handbook for students of psychotherapy and a good reference for established therapists... I recommend that all therapists have a copy of this book on their shelf' - *Psychology, Health & Medicine*
