A successful business owner, Maya Kincaid lacks for nothing. At least that's what she tells herself.

Sometimes an entire day will go by when she doesn't think about the man who still owns her heart; the man she met for a few dazzling, sun-filled days all those years ago. The man she's never forgotten.

Known for being discreet, Maya becomes a confidant to Faith, who confesses to having a new boyfriend. But Faith has a history of creating pretend friends, and no-one has ever seen her elusive new man. In the meantime, Faith learns the name of Maya's lost love, and starts collecting clues. Can she possibly bring the two former lovers back together?

And then there's Katie. Determined to find her birth father, she enlists the help of Tyler, one of the young men working for Cole.

Never Look Back is a stand-alone novel. Deeply moving, it brings you up to date on all of the characters you've come to love in The Women of Independence series.
