From Political Theory to Political Theology: Religious Challenges and the Prospects of Democracy (Continuum Resources in Religion and Poli)

During the last two decades we have witnessed what José Casanova has characterised as "religion going public". This has not been a trend exclusive to traditionally religious nations. Rather, it has been visible in as diverse environments as that of the construction of the new Russian political identity or in the "post-9/11" political discourses of the USA.

Surprisingly, important religious manifestations also influenced the political discourses in Britain and, more recently, in France. Partly as a consequence of these phenomena an intensive debate is now evolving about the compatibility of the neutrality of liberal democracy in relation to religiously motivated opinions in public discourses, and the conditions under which such religiously driven contributions could viably "go public".

This book offers a collection of essays on Religion and Democracy which critically discusses the most important questions that characterize these debates at the points of their intersection within political theory, political theology and the philosophy of religion, and considers both the challenges and the prospects of this new era which, following Habermas, one may call post-secular.

Daniel Hutchison:

As a college student exactly feel bored in order to reading. If their teacher requested them to go to the library or make summary for some guide, they are complained. Just little students that has reading's heart and soul or real their passion. They just do what the trainer want, like asked to the library. They go to right now there but nothing reading critically. Any students feel that reading through is not important, boring and also can't see colorful pictures on there. Yeah, it is being complicated. Book is very important to suit your needs. As we know that on this era, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore this From Political Theory to Political Theology: Religious Challenges and the Prospects of Democracy (Continuum Resources in Religion and Poli) can make you feel more interested to read.
