Blood never lies, but people do...

### **HEIRESS OF LIES**

With the King of Altera on his deathbed, all eyes are on his only child, eighteen-year-old Angeline Robart. Called from her studies to return to her father's side, the Crown Princess is kidnapped en route by Connor, a mysterious vampire rogue who has been waiting a long time for the chance to change his destiny.

Facing the consequences of a freak accident that even Connor could not prevent, Angeline is forced to travel a dangerous path to regain control of her fate and her kingdom. Her impossible choice requires her to rely on Connor, who epitomizes everything generations of her family tried to destroy.

As the last of the Robart bloodline, Angeline discovers that enemies she thought long conquered have been lying in wait for just such an opportunity as her father's death to turn events to their advantage. Worse yet, by uncovering those secrets, Angeline must confront the possibility that no one ever expected her to take the throne in anything but title alone.

As her bond with Connor grows stronger, she realizes they have far more in common than she ever expected, and that could make him just the ally she needs.

### **THE QUEEN'S BETRAYAL**

With her father's passing, Angeline's enemies are rising from all sides. She needs allies, but doesn't know who to trust. There is Connor, the handsome vampire who captured her heart, but as rumors of a vampire attack within the capital city's walls reach her ears, she has to consider the possibility that Connor betrayed her.

Malin, her Chief Advisor and betrothed, is harboring his own secrets. With Malin's ties to the Clan, the ancient puppet masters of Altera's fate, it appears that he is eyeing a much bigger prize than just Angeline's hand in marriage.

The stakes couldn't be higher, but Angeline must control her own demons first, otherwise she can never hope to keep her throne. The answers she seeks are buried in the past. The threads of Altera's blood history have to be revealed if she ever hopes to save herself and her kingdom.

### **TRIALS OF TRUTH**

Queen Angeline Robart left her kingdom in the hands of her betrayer to embark on a mission to find her cure. But each passing hour that the wraith remains part of her seems to make it even more difficult to banish. The mysterious and elusive Clan seems to have the answers, but Angeline can't help but question their motives, and the price she will be required to pay for her freedom.

Connor is forced to make a decision between his fate and his love for Angeline. While his hope has always been that those two things would coincide, it seems that their ability to be together isn't meant to be, at least if the Clan has anything to say about it.

Meanwhile, back in the capital city of Brebackerin, Malin finds that the enemies who have been lying in wait want revenge for Connor's betrayal. He must find a way to hold them off, and keep the kingdom in one piece, until Angeline's return.

#### A HEART'S DECEIT

As Angeline's abilities grow stronger, it quickly becomes apparent that uncovering the lineage of her wraith is the key to everything. To secure her throne and banish her enemies forever, Angeline must become a master manipulator to find the answers she needs to save herself and her people. But her past doesn't intend to let her go that easily.

In order to escape a death sentence, Connor Radwin gave into his basest instincts. Now that the time has arrived to return to his former self, he finds it more of a struggle than he ever anticipated. But he is unwilling to leave Angeline's side; despite the fact that he knows she has to marry someone else.

With old foes emerging at every turn, Angeline's time is running out. She is about to find out how far she will go to save her people. In this high-stakes game of deceit, the loser pays in blood.
