The Quick and Dirty Guide to Catching Shoplifters

Elliott Christopherson

The Quick and Dirty Guide to Catching Shoplifters Elliott Christopherson

A one-of-a-kind book written with the loss prevention professional in mind, it covers every aspect involved in the detecting, surveilling, detaining, and processing of retail thieves. Filled with in-depth information regarding shoplifting and the people who engage in it, this book leaves behind all of the garbage that store employees receive during their training and provides real-world solutions to the problem of retail theft. Consisting of stand-alone chapters written in direct, plain language, this book takes a blunt and politically incorrect approach to handling petty criminals and focuses on providing loss prevention agents with nasty little alternatives instead of following the ridiculous store policies they have been burdened with.

Some of the topics covered include:

- The unspoken realities of working as a store detective
- How to effectively profile common shoplifters
- Safely handling aggressive suspects
- The legal elements to the crime of shoplifting
- Short-cuts that greatly increase efficiency
- Common methods of theft
- Regaining control over a store
- Avoiding termination and dealing with complaints

This text is an essential must-read for anyone who deals with shoplifters on a daily basis or anyone who is considering a job in the loss prevention field. Security guards and store managers alike will benefit from the eclectic information contained in this "quick and dirty guide."

So now let us explain to you the relaxing pattern the following is your body and mind will probably be pleased when you are finished looking at it, like winning a game. Do you want to try this extraordinary investing spare time activity?

Carolyn Scott:

As a student exactly feel bored to be able to reading. If their teacher asked them to go to the library or make summary for some publication, they are complained. Just minor students that has reading's spirit or real their leisure activity. They just do what the educator want, like asked to the library. They go to right now there but nothing reading really. Any students feel that reading is not important, boring and can't see colorful photographs on there. Yeah, it is to be complicated. Book is very important for yourself. As we know that on

this era, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore this The Quick and Dirty Guide to Catching Shoplifters can make you sense more interested to read.
