2015 Las Vegas Concierge's Reference Guide Ted Salmon

The 2015 Las Vegas Concierge's Reference guide was put together to help assist you with the Las Vegas Strip area. Las Vegas is a large and growing area for tourist and though it may seem that things are always changing, for the most part, they stay the same. This year however, we have seen two resorts reopen and renamed – SLS and Cromwell along with the Linq being completed. You may have a few stores, restaurants or even shows that may come and go, but most are in it for the long haul. I have gathered information from all over the web, from visiting resorts, talking with people and any other ways to gain information that I can and put it together in one easy to use reference guide. The information contained in this book is just for reference only and when you are not sure of something, always double check. With guest having smart phones and access to the internet, they do not want you to spend the time looking things up on line when they can do that themselves. To them you look like you do not know what you are doing. Having all the information at your finger tips is a helpful tool. Looking at a resort and showing them all the stores or restaurants with the resort map is important to guest. Pulling up all the restaurants on the strip that have steak or Italian cuisine can help them plan their night without going from one end to the other. This is very important to guest in order for them to have the perfect vacation. We have many tools at our finger tips and though knowledge is the most important, Vegas is too large to remember it all. We have thousands of restaurants, stores and much more to go around. Whether you are looking for a guest favorite type of food or need to get them on a club list, this reference guide can help you. The guide has been put together in sections to help you find things with an easy turn of the page. The reference guide contains everything from most commonly asked questions to shops, restaurants, clubs, golf courses, wedding information, shows and much more. A central location (Planet Hollywood) was chosen in order to locate items around the strip along with driving directions. This only affects a few of the items within this reference guide. Though some of the information might have been changed at the time this reference guide was put together, most is still the same. You will find in using it that guest are amazed by how much information is available just for the Las Vegas strip area. But again, this is just a reference guide only.
