Could Reagan be making a huge mistake?

“You fools,” Elder Allen hisses once more, and I flinch. “You may have scorned my methods, and not liked the way I did things, but I did all of that for a reason. I worked tirelessly to keep things the way they were, because the alternative...” he shakes his greying head, “the alternative is just too horrific to contemplate.”

Reagan, Connor, and the rest of the Shepherds might be down, but they aren't out. They're determined to find a way off loony island, and help the rest of the Flock escape unharmed too. But have they misjudged their foe? Is their enemy even more dangerous than they first thought? And will Andie ever come to her senses and help them?

Romantic dystopian island adventure, packed full of twists and turns. An action packed story you won't want to put down.
