Haunted Universe: The True Knowledge of Enlightenment Steven Norquist
"FIRST EDITION"

Many books have been written about the spiritual quest, the supposed journey to higher understanding. These books promise to make your life better, to give you the tools necessary to navigate the world in a mature and saint like fashion. They promise joy, bliss, higher vibrations, mystical experience, ultimate peace, a better marriage, friendship with the dolphins, etc. "Haunted Universe" promises none of that, it is not a book about making your life better, it is a book about the end of life, the annihilation of the soul and the final loss of self. If you want to find hope, or peace or love then buy one of those other books. But if you have finally grown tired of all that, if you now dare to peek behind the curtain, to remove the mask and stare deep into the abyss, then "Haunted Universe" is your guide.
