THE ENCYCLOPEDIA OF PHILOSOPHY (Complete Set)

THE ENCYCLOPEDIA OF PHILOSOPHY (Complete Set)

The Encyclopedia of Philosophy is one of the two major English encyclopedias of philosophy (the other being the Routledge Encyclopedia of Philosophy).[citation needed] The first edition of the encyclopedia was in eight volumes, edited by Paul Edwards, and published in 1967 by Macmillan; it was reprinted in four volumes in 1972. A "Supplement" volume, edited by Donald M. Borchert, was added to the reprinted first edition in 1996, containing articles on developments in philosophy since 1967, covering new subjects and scholarship updates or new articles on those written about in the first edition.
