## **How to Catch a Mermaid** Christopher Hedges

Mermaids are everywhere.

You can't throw a stone without hitting one.

Over the course of my life I have become a master of catching these seductive beasts and I am writing this book to teach you the tricks and secrets that I have learned in my life on the matter of mer-maid catching.

I know what you're thinking. Chris, why on earth would we want to catch a mermaid? And, Chris, aren't mermaids dangerous?

The contention that mermaids are dangerous is completely and utterly arbitrary. A mermaid is like any other creature, in that; it can be dangerous, if treated improperly. That is why this book is a must for any beginners getting into the practice of mer-maid catching, for I, Chris Hedges, am an expert on the matter.
