Infection Control and Safety

Mark Zelman Ph.D., Carrie Milne-Zelman

Infection Control and Safety Mark Zelman Ph.D., Carrie Milne-Zelman

This engaging and accessible text introduces the modern principles and practice of infection control and safety for clinics, ambulatory settings, and laboratories. Beyond infection control, ***INFECTION CONTROL AND SAFETY*** takes a comprehensive view of safety hazards facing healthcare professionals, also offering current, credible, and relevant information about best practices in chemical and radiation safety. Topics include: agencies and standards pertaining to infection control and safety; infectious diseases and healthcare-associated infections; blood-borne pathogens; prevention; post-exposure prophylaxis, and much more. Appendices address reportable diseases, healthcare-associated infections, and reproductive health hazards. Case studies in each chapter challenge the reader to apply the material to realistic scenarios. Chapters are also supplemented with **Words of Warning!** and **Work Safe!** boxed features highlighting special infection control topics. This text is supported by exceptionally high-quality instructor slides, IM, and test banks.
