Developing a Virtue-Imbued Casuistry for Business Ethics (Issues in Business Ethics)

Martin Calkins

Developing a Virtue-Imbued Casuistry for Business Ethics (Issues in Business Ethics) Martin Calkins
Casuistry, Virtue and Business Ethics brings together three important processes for business ethics: casuistry, virtue ethics and the business case method. In doing so, it considers the overlap and synergy of casuistry and virtue ethics, the similarities and differences of casuistry and the business case method and the relationships between emerging and well-established cases. The goal of the book is twofold: to provide a distinctly practical method for moral decision-making within the context of business and to illustrate how contemporary vexing issues are similar to those of the past and how they might be resolved satisfactorily.
