The Scents of Eden: A Narrative of the Spice Trade Charles Corn

"The Scents of Eden" regles us with memorable tales of corrupt European adventurers and enigmatic island rulers; with explosive battles fought between islanders, explorere, and pirates; with deadly sea voyages; and with some of the most colorufl characters in history. it brings to life men like Ferdinand Magellan, who in 1519 embarked on a voyage seeking a shorter sea route that would shrink the world; Jan Pieterzsoon Coen, the ruthless, cruel governor-general of the Dutch East Indies, who ordered a wholesale slaughter of islanders to maintain Holland's spice monopoly; Pierre Piovre, the French smuggler of clove and nutmeg seedlings whose acts altered the balance of power of European nations; and erect, bluejacketed Jonathan Carnes, the Yankee trader who in 1797 brought the first great wealth to a modest New England port. Drawn from first-- person accounts and contemporary books and journals "The Scents of eden" spans four centuries, weaving an intricate story set on a global stage. Arrayed with famous and obscure, noble and venal players alike, the narrative is a fascinating story and a magnificent epic.
