Included in this bundle are the following romance novels:

## Highland Hostage

When widowed Ian McDougal captures Helena Douglas, daughter of the British lord occupying his lands, he intends to use her as a leverage to ensure that the cruel lord gives his people a reprieve. Little does he know that the woman he's capturing hates the Lord almost as much as he does, and despite her resistance he finds himself falling for the spirited English girl.

To prevent her retrieval he needs to enter into a political marriage with her, but intends to remain "chaste," which proves easier said than done.

With entire clans preparing for war to free their people, Helena and Ian's growing relationship will cause fury on both sides - but they'll have to stick together if they both want to get out alive.

## The Viking's Willing Conquest

Muscular, bold and not afraid to take what he wants, Azor takes a very close interest in Bella, and she finds herself being dominated emotionally and sexually by him as they journey together and their bond grows. But Azor has a dominant side that scares her as much as it makes her crave him, and she begins to wonder if things will ever work out.

Azor, on the other hand, has a plan.

He's going to take matters into his own hands, whether Bella likes it or not.

## Captured And Ravaged By The Vikings

This is an erotic short story. All other books included in this bundle are full length novels.

## Paint Me Like One Of Your French Girls

With WWII on the verge of breaking out, Ava, a museum employee, decides to do something drastic even if it means sacrificing her old life in Germany forever.

With nothing but a stolen painting to her name, she flees to the one man who would be crazy enough to take care of her - Basile, her french lover. A fellow art aficionado and more passionate than any man she's ever met, Basile quickly makes her feel like anything is possible, and makes love to her as if every moment is their last. However France is far from the safe haven it once was, and their short lived stability will be cast aside as they both need to make one last leap to safety with nothing but each other to depend on.

Will New York be the land of opportunity, or will it be the start of their own personal battle?

## A Time Apart

When Jenny goes to the fair with a friend and receives a mysterious prediction from a fortune teller, she has to stop herself from laughing out loud. After all, who would believe in any fortune teller, let alone one that works at a lakeside fair?

Later that night she's walking home and slips into a dark lake.... only to be pulled out in a different place, a different time, and by a tall muscular brute of a man dressed in traditional Scottish attire.

Jenny will question everything she thought was real as she adjusts to life in a time gone by, gets stuck in the middle of a clan war, and has to adjust to living as her savior's servant - although he's interested in far, far more than her cleaning skills...
