Human Physiology: From Cells to Systems (Available Titles CengageNOW) Lauralee Sherwood
HUMAN PHYSIOLOGY, 7th edition focuses on the mechanisms of body function from cells to systems and is organized around the central theme of homeostasis--how the body meets changing demands while maintaining the internal constancy necessary for all cells and organs to function. As an author, Lauralee Sherwood is known for the most up-to-date and accurate coverage as well as strong pedagogy making the text the most effective learning tool. Plus, the program offers a complete complement of media tools for learning and teaching. Additionally, this new edition has an entirely revised art program offering realistic and three-dimensional art as well as new flow diagrams. The new art program helps students visualize difficult concepts and processes for better understanding and mastery of concepts.
