## **Historia de los Estados Unidos, 1776-1945** Aurora Bosch

No es posible entender la historia del mundo contemporaneo sin tomar en cuenta el lugar que en ella les corresponde a los Estados Unidos de America. Ni se puede comprender la marcha actual de la politica norteamericana sin conocer sus antecedentes historicos. Y sin embargo apenas hay libros en la bibliografia espanola que puedan ofrecernos lo que nos proporciona este de la profesora Aurora Bosch: una vision global informada y solvente pensada especificamente para los lectores espanoles de la evolucion historica de los Estados Unidos desde la revolucion que condujo a su independencia hasta el fin de la segunda guerra mundial que confirmo su papel como potencia dominante. Conseguir esta clase de sintesis requiere por una parte un conocimiento a fondo de los resultados mas recientes de la investigacion a los que dificilmente se puede acceder a partir de nuestras bibliotecas y un esfuerzo para explicarlos y sintetizarlos para un publico de habla hispana. Esto es lo que Aurora Bosch ha realizado y el resultado es una esplendida vision de conjunto de los exitos y fracasos de la democracia norteamericana desde 1776 hasta 1945.
