### **A Beginners Guide on How To Use Essential Oils in the Home**

Once upon a time, human beings lived in perfect symbiosis with their environment believing that Mother Nature is the perfect provider for every possible need.

Then came the era where everything was “man-made”. Synthetic chemicals penetrated every aspect of life and brought along a deluge of prosperity.

Everything was going good for a while and then the side-effects kicked in. Side effects of the chemicals used in food, cosmetics, cleaning products and medicine slowly eroded the benefits offered by creating other problems, which were complex and often life threatening.

Quick to take measures to correct the wrong, today the world is rediscovering the power of all natural products in every aspect of their life. Phasing out chemicals, we are living through an era where terms like “organic”, “all-natural”, “herbal”, “essential oils” and-the-like are growing in popularity.
