To help put classroom theory into shop practice, each MDT Series title will be offered with a companion Job Sheets manual. The Job Sheets have been thoughtfully designed by experienced instructors to assist users in gaining job preparedness skills and mastering specific technical competencies required for success as a professional diesel technician. While designed to support the MDT Series, the manuals are also useful on their own, or with any comprehensive or area-specific diesel technology text. The manuals reference the NATEF Task List and consist of a set of Job Sheets for each of the following areas: Electrical/Electronic Systems; Heating Ventilation & Air Conditioning Brakes; Suspension and Steering; Hydraulics Diesel Engines; Drive Train Preventative Maintenance Inspection
