Outsiders No More?: Models of Immigrant Political Incorporation

Outsiders No More?: Models of Immigrant Political Incorporation

Outsiders No More? brings together a multidisciplinary group of scholars to consider pathways by which immigrants may be incorporated into the political processes of western democracies. At a time when immigrants are increasingly significant political actors in many democratic polities, this volume makes a timely and valuable intervention by pushing researchers to articulate causal dynamics, provide clear definitions and measurable concepts, and develop testable hypotheses. By including historians, sociologists, and political scientists, by ranging across North America and Western Europe, by addressing successful and failed incorporative efforts, this handbook offers guides for anyone seeking to develop a dynamic, unified, and supple model of immigrant political incorporation.
