FOREWORD This revised and greatly enlarged edition of "Pushing to the Front" is the outgrowth of an almost world-wide demand for an extension of the idea which made the original small volume such an ambition-arousing, energizing, inspiring force. It is doubtful whether any other book, outside of the Bible, has been the turning-point in more lives. It has sent thousands of youths, with renewed determination, back to school or college, back to all sorts of vocations which they had abandoned in moments of discouragement. It has kept scores of business men from failure after they had given up all hope. It has helped multitudes of poor boys and girls to pay their way through college who had never thought a liberal education possible. The author has received thousands of letters from people in nearly all parts of the world telling how the book has aroused their ambition, changed their ideals and aims, and has spurred them to the successful undertaking of what they before had thought impossible. The book has been translated into many foreign languages. In Japan and several other countries it is used extensively in the public schools. Distinguished educators in many parts of the world have recommended its use in schools as a civilization-builder. Crowned heads, presidents of republics, distinguished members of the British and other parliaments, members of the United States Supreme Court, noted authors, scholars, and eminent people in many parts of the world, have eulogized this book and have thanked the author for giving it to the world. This volume is full of the most fascinating romances of achievement under difficulties, of obscure beginnings and triumphant endings, of stirring stories of struggles and triumphs. It gives inspiring stories of men and women who have brought great things to pass. It gives numerous examples of the triumph of mediocrity, showing how those of ordinary ability have succeeded by the use of ordinary means. It shows how invalids and cripples even have triumphed by perseverance and will over seemingly insuperable difficulties. ...
