**Dialogues II (European Perspectives: A Series in Social Thought and Cultur)** Gilles Deleuze, Claire Parnet

French journalist Claire Parnet's famous dialogues with Gilles Deleuze offer an intimate portrait of the philosopher's life and thought. Conversational in tone, their engaging discussions delve deeply into Deleuze's philosophical background and development, the major concepts that shaped his work, and the essence of some of his famous relationships, especially his long collaboration with the philosopher Félix Guattari. Deleuze reconsiders Spinoza, empiricism, and the stoics alongside literature, psychoanalysis, and politics. He returns to the notions of minor literature, deterritorialization, the critical and clinical, and begins a nascent study of cinema. New to this edition is Deleuze's essay "Pericles and Verdi," which reflects on politics and historical materialism in the work of the influential French philosopher François Châtelet. An enduring record of Deleuze's unique personality and profound contributions to culture and philosophy, *Dialogues II* is a highly personable account of the evolution of one of the greatest critics and theorists of the twentieth century.
