**Jamie Harper:**

As a university student exactly feel bored in order to reading. If their teacher requested them to go to the library or even make summary for some book, they are complained. Just very little students that has reading's heart and soul or real their interest. They just do what the professor want, like asked to go to the library. They go to presently there but nothing reading significantly. Any students feel that reading through is not important, boring and also can't see colorful pictures on there. Yeah, it is to be complicated. Book is very important for you. As we know that on this era, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore this Introduction to Data Mining-Pang-Ning Tann-International Edition can make you really feel more interested to read.
